

Dillon Gage Is On the Go with Release of New Mobile App

Users can access precious metals information from anywhere

ADDISON, TEXAS (January 3, 2013)... **Dillon Gage Metals** has just made it easier to access precious metals information while on the go with the release of its free, new mobile application. The app, which can be downloaded from the App StoreSM and Google Play, is compatible with Android, iPhone, iPod Touch and is optimized for iPhone 5.

Through the app, users can access spot quotes, as well as current and historical data, for gold, silver, platinum and palladium, in an easy-to-read format. The historical data tab displays pricing information for various time frames, from five-days to five-years. This feature allows users to analyze trends and assess timing for future trades. Additionally, timely market news for the precious metals complex is available from **Dillon Gage's** blog, which provides insights from the Dallas-based company's experts on what is happening each week in the marketplace.

"On a daily basis we find people who need to have market quotes and data at their fingertips. This application fills that need," states Terry Hanlon, President of Dillon Gage Metals. "This is just the first step in many exciting, new technical trading enhancements that Dillon Gage will be unveiling in the coming months."

The new 6.8 MB app requires iOS 4.3 or later. To download the free application, visit the App Store (<https://itunes.apple.com/us/app/dillon-gage-metals/id586486914>) or Google Play (<https://play.google.com/store/apps/details?id=com.dillongage.metals>).

Dillon Gage Metals offers international bullion and rare coin trading, online trading of physical metal, jewelry liquidation, refining services and estate liquidations.
