

Dillon Gage Extending Trading Hours for Precious Metals on FizTrade™

Monday to Thursday Trading Lengthened, and New Sunday Hours Added

ADDISON, TEXAS (July 31, 2014)--**Dillon Gage Metals**, international precious metals dealers in Dallas, will expand trading hours on **FizTrade™**, its electronic trading platform, to meet demand from U.S. and foreign wholesale customers. Hundreds of gold, silver, platinum and palladium coins and bars can be traded on the real-time electronic trading platform. To assist the client in managing their business, the platform uniquely provides detailed analytics on all electronic and phone-based trades.

Starting August 1, FizTrade trading hours will be expanded from the current 12 hours a day to 15 hours a day Monday through Thursday, and five hours of Sunday trading will be introduced. The new hours are:

Monday to Thursday – 7 a.m. to 10 p.m. Central Time
Friday – 7 a.m. to 4:15 p.m. Central Time
Sunday – 5 p.m. to 10 p.m. Central Time

“We’re expanding trading hours to 70 hours a week to provide a higher level of service to our domestic and international clients and are giving them access to **Dillon Gage’s** global supply chain through FizTrade.com,” Terry Hanlon, president of **Dillon Gage Metals**, explains. “In the last year, we’ve seen increased interest for longer hours from Asia, Europe and elsewhere.”

FizTrade.com is part of **Dillon Gage Metals’** Digital Metals platform and plugs clients directly into the company’s trading floor and fulfillment system through clients’ web browsers. FizTrade combines technology and trading to provide real-time spot prices and the ability to buy or sell internationally-recognized coins and bars in a few clicks. Trades can be made for delivery, or can be stored at one of **Dillon Gage’s** highly secured vault facilities operated by its subsidiaries International Depository Services in New Castle, DE, and Toronto, Canada. By utilizing **Dillon Gage’s** drop-ship and fulfillment services, clients are able to free up capital by reducing their need to maintain large inventories.

Access to FizTrade is available to **Dillon Gage** customers. Customers who choose to trade electronically on FizTrade receive the same competitive prices as when speaking to a **Dillon Gage** trader. Confirmations are sent immediately at the conclusion of the transaction, and both parties are bound to the trade. First-time wholesale clients need to complete an application, which can be found on DillonGage.com. After an account number has been assigned, users can log in and access real-time quotes on metals and products.

“We’re responding to requests from our clients for longer trading hours,” Hanlon says. “And with the introduction of Sunday hours, we’re giving our customers a jump on the week ahead.”

Dillon Gage’s highly experienced traders are available to help customers from 7:30 a.m. to 5:30 p.m. CT Monday through Thursday and from 7:30 a.m. to 5:00 p.m. CDT on Friday.
