

Dillon Gage Metals Teams With China Great Wall Wholesaler Now Authorized to Distribute Bullion Coins

SINGAPORE, (Aug. 29, 2017) – [Dillon Gage Asia](#), a subsidiary of [Dillon Gage Metals](#), one of the world’s largest precious metals wholesale firms, has entered into an agreement with China Great Wall Coins Investment Ltd. to distribute bullion coins from the official sovereign mint of China. China Great Wall is a subsidiary of the People’s Bank of China, based in Hong Kong.

With this new relationship, Dillon Gage Metals is now authorized to distribute products from nine of the world’s sovereign mints. Others include the U.S. Mint, The Royal Mint (UK), Royal Canadian Mint, Perth Mint (AUS), Austrian Mint, New Zealand Mint (NZ), Rand Refinery (SA) and the Banco de Mexico.

“Our distribution agreement with China Great Wall represents a significant milestone for our wholesale operations,” stated Terry Hanlon, president of Dillon Gage Metals. “We’re now authorized to distribute on behalf of all major, global sovereign mints, and this particular deal should be a huge boost to our Singapore-based subsidiary, Dillon Gage Asia.”

China Great Wall offers a select set of bullion coins that have garnered widespread interest within the international market. The most prominent examples include Panda Coins which have been produced annually since 1982.

Authorized distributorship rights with sovereign mints allow Dillon Gage Metals to provide more diverse product offerings to their clients. These agreements also place Dillon Gage Metals with priority purchasing power, which in turn leads to more competitive pricing in the marketplace.
